

4.25 x 2.75 Black & White Printed Flyers

Print Setup Guidelines

Final Size
4.25 x 3.67

None

Bleed Area

Extend background to fill this entire area. Also, flow graphic elements into this area if they should reach the edge of the page. This ensures that after trimming, background and graphics completely fill to the edge of your finished piece without any white edges.

Trim Line

Elements positioned beyond this line will be trimmed off.

Safe Area

Position important text and images **inside Safe Area** to prevent trimming.

We prefer to receive your final design as a PDF. While exporting to PDF, save with **Press Quality (300 dpi)** settings to **include crop marks** and **include bleeds**.
